

2026 CAMP ACTIVITIES BREAKDOWN

ACTIVITY DIRECTOR'S DREAMS

Monday — Steal the Sock

For this dream, 40 total pool noodles. 20 white socks. 20 black socks.

20 students needed per match

This is a 20 v 20 game where students from one team try to steal the socks off of the other team's pool noodles. Students must put the pool noodles down the back of their shirts. Once the sock is pulled off, the student is eliminated.

*Cabin Leaders, this game can be aggressive. Please keep your students' attitudes in check. We will never run away from competition, especially when it can create some incredible discipleship moments.

Tuesday — Seven-Legged Monster

For this dream: 2 Batons, Velcro/tape for lines, 10 pool noodles (5x 2 colors), 6 cups, 6 boards, 8 scooters, 12 pieces of PVC pipe, 2 ping pong balls, 2 tables, 2 helmets, 2 basketball hoops, 2 bucket stilts, 2 sheets, 2 helmets.

28 students needed for this seven-legged relay race***

***Each team will be provided a "baton" to pass from one leg of the relay to the next. **Each team MUST have the baton present with the main participant of each leg of the relay.** Any leg of the relay in which the "baton" is not present must start over from the beginning on that leg in order to continue.

- 1 student to play tic-tac-toe
- 2 students – 1 bucket stilt walker & 1 bounce shooter
- 3 JH students to build a 3-tiered (6 cups) cup tower
- 4 students to scooter chain around the center cone
- 5 students – 4 sheet carriers & 1 rider (JH student)
- 6 students to transport a ping pong ball using PVC pipe
- 7 students to board walk shoot a final shot

1. 1 student from each team will run to the tic-tac-toe lines and lay their 'Xs' or 'Os'. The winner's team will immediately advance to the next leg of this relay. The loser, however, must spin with the head on a baseball bat on the ground 5 times
2. 1 student will walk on bucket stilts from the starting line to the designated finish line. Once across the line, they will hand off the baton to the next student who will make a bounce shot. The student who was on the bucket stilts will rebound for the student taking the bounce shot.
3. 3 JH students (one at a time) will run from the start line to the table across from them in an attempt to create a 3-tiered, 6 cup pyramid. Each student is allowed to touch one cup per turn. Once they've positioned their 1 cup, they will run back passing the button to the next person. Each person needs to be prepared to go at least 2x in the same order (1-3).
4. 4 students linked together must scooter around the designated cone and back to where they started staying linked up the entire time. If the chain breaks, you must go back and link up where the chain was broken.
5. 5 students — 4 students will transport a 5th junior high student in a bedsheet around the center cone and back
6. 6 students, each using a 12" piece of PVC pipe, must transport a ping pong ball from the start line around the designated cone and back, dropping it successfully into the 5 gallon bucket near the starting line. One student will then shoot their baton through a basketball hoop. The first team to complete the relay will pass the following round until we have a champion.

7. 7 students, each using a 12" piece of PVC pipe must transport a ping pong ball from the start line around the designated cone and back dropping it successfully into the 5 gallon bucket near the starting line. One student will then shoot their baton through a basketball hoop. The first team to complete the relay will pass the following round until we have a champion.

Wednesday — Hungry Hippo

For this dream: 4 scooters, 4 ropes, 4 helmets, 4 clothes baskets, 100's of playground balls

16 students needed needed

For this game, students on your team will be assigned a specific role. For each team you will create 2 squads. Each squad will have 5 hippopotamus', 2 push/pullers, 1 gather. Here's how it works. Going head-to-head against an opposing team you hippos, with helmet on their head and clothes basket in their hands, will lay face down on scooter that will be attached to a rope. One at a time, they will be pushed out by the designated push/pullers to the arena filled with hundreds of balls where they will try to trap balls with the basket, then immediately pulled back to their side using the rope. Balls that were retrieved will be quickly gathered and placed inside the team's 50 gallon drum to be counted. Each round will go until all the balls are displaced or until the time runs out.

Rule Clarifications:

- Only balls that make it past your teams designated line will be allowed to be gathered. This will be strictly enforced by support staff.
- Squads from the same team cannot have both scooters in the arena at the same time.
- Each squad will take turns sending out hippos to collect balls, rotating hippos as they go. You cannot send out the same hippo in consecutive attempts. We recommend you number them 1-5 and go in order.
- Hippos must have a helmet on when being sent out into the arena.
- **Failure to abide by these rules may result in penalty or disqualification.**

Thursday (Mega Relay)

TUESDAY & WEDNESDAY TEAM COMPETITIONS

Ultimate Field Basketball

Location: Rec Field #4 (The field with the field-goal uprights)

The Game: It's an awesome mashup of Ultimate Frisbee, but with basketball goals! We give you a ball (and series of other random items), your team moves the ball up the field using ultimate frisbee rules, but instead of catching a frisbee in an "endzone" you try to throw the ball into a defended basketball hoop.

The Setup: We will have 2 basketball hoops set up on opposite sides of the field, each having circles drawn completely around them. Each team will have 15 students on the field. Essentially, we are going to give you a ball and you are going to try to score in the opposing goal. You will move the ball downfield using ultimate frisbee rules.

The rules:

- Ball movement is Ultimate Frisbee style. No running with the ball. Stop as soon as you can after a running catch. You can pivot on one foot in order to attempt a better pass or shot. Players can pass in any direction — forwards or backwards.
- Defense is also Ultimate Frisbee style. You can intercept or deflect a pass. You CANNOT strip the ball or slap the ball out of an opponents hand. You CANNOT tackle or trip the opposing player.

- If the ball legally hits the ground, it's an immediate turnover. Play immediately continues for the opposing team.
- Alley oop catch and throws are allowed. For example, if two students are near the basketball hoop, the student without the ball can get a running start, jump before the goalie line, and catch and throw the ball in mid-air to get a better shot. However, the throw has to be made from the air and the jump has to be made from outside the goalie ring.
- Cabin Leaders, please sub players out on the fly to involve as many students as possible.

How do you win? Score more goals than the other team.

FOUR WAY HOCKEY

Location: Cottonwood Pavilion

The Game: A fast-paced game where your team is in charge of covering two hockey nets positioned on opposite sides of the court. Your goal is to protect your own goals while scoring on the other team. The catch? Not only are there two nets but multiple pucks will be added into play. Cover your bases, score on the other team, and keep an eye out for pucks added in mid game!

The Setup: There will be four nets total in cottonwood. Your team will be assigned to 2 nets that sit across from each other. Each team will have a total of 12 students on the court, including your 2 permitted goalies. Each round will start with a face off over 1 puck. During the game, support staff might throw in more hockey pucks. Protect your own goals and shoot into the opposing teams goals. Be prepared for 2 middle school rounds and 2 high school rounds.

The Rules:

- No high sticks. Players cannot bring their stick higher than their waist when going to hit the hockey puck.
- No more than 1 goalie per net
- You cannot step into the other teams goal box
- This is NOT a contact game. Players are not allowed to purposely hit, jab, or bump other players.

MELON MAYHEM

Location: Softball Diamond

The Game: Slip-n-Slide fun with an added layer of challenge! Two teams will go head-to-head, sliding down a slip-n-slide, using a greased watermelon as a baton, then racing up to pass the greased melon to the next participant.

The Setup: There is no limit to the number of participants who can participate. It will just need to be even numbers for each team (meaning one team might have people that need to go twice for even numbers). Teams will line up single file at the cone. When the whistle blows the relay begins! ONE AT A TIME, participants will hold a watermelon greased with crisco and will run, slip, and slide down the slip-n-slide until they reach a cone at the bottom of the slip-n-slide. Then each participant will run up the side of the slip-n-slide and hand off the greased watermelon to the next participant waiting at the starting cone. The team who gets all of their participants to finish racing down the slip-n-slide, and seated back behind their cone, first wins!

The Rules:

- Only one person from each team may be on the slip-n-slide at a time. Participants must wait until they have the watermelon securely in their hands prior to stepping onto the tarp.
- The watermelon must be handed off. No throwing it from person to person.
- Shoes or footwear on the slip-n-slide are not permitted.
- IF the watermelon breaks, your team immediately loses that round and a new round begins.

WATER BALLOON VOLLEYBALL

Location: Rec Field #2

The Game: A twist on a classic we all love! Your team will be given twin sized bed sheets and ,instead of a volleyball, you will have to catch a water balloon in your sheet and throw it over the net to the other team. If the balloon pops, on their side you earn a point!

The Setup: Your team will have two twin sized bed sheets. 6 participants will be holding onto a sheet at a time, with a total of 12 participants on your side. You can arrange your sheets however you see fit, front and back or side to side. Essentially, normal quick play volleyball rules are followed. There will be two games going on simultaneously, a middle school and high school game.

The Rules:

- 6 people must be holding onto the bed sheet at all times
- Your team must move together to get the ball over the net to the other side. This is all about strategy and teamwork!
- If the balloon pops into the sand on your side, on your bedsheet, or on a player on your side, you lose that point. You earn a point for making the balloon pop on the other side of the next.
- Anything not in the sand is out of bounds and counts as a point scored against your team.
- There will be three timed rounds for each of the middle school and high school games. The team that wins the most of those 6 rounds wins this surf game!

TUESDAY INDIVIDUAL COMPETITIONS

3 on 3 Basketball Tournament — High School Boys

Location: Small Gym

Details: 4 players from each team color will participate in a single elimination 3 on 3 half-court basketball tournament, 1 being a substitute. Games will be played to 11 points. Scoring is 1's and 2's. The championship game will be held on Wednesday.

3 on 3 Basketball Tournament — High School Girls

Location: Small Gym

Details: 4 players from each team color will participate in a single elimination 3 on 3 half-court basketball tournament, 1 being a substitute. Games will be played to 11 points. Scoring is 1's and 2's. The championship game will be held on Wednesday.

6 v 6 Dodgeball Tournament — Junior High Boys & Girls

Location: Cottonwood

Details: Each team color will provide a team of 6 junior high students with a **minimum of 2 girls** on your team. This is a single elimination tournament.

Settlers of Catan Tournament

Location: Activities Center

Details: 1 player from each team color will participate in a Settlers of Catan board game tournament. Your representative is expected to have experience playing Catan and have a basic understanding of the rules. There will be 2 games, with 4 players each, playing simultaneously. The 2 players with the most points from each table will play in the championship game on Wednesday.

Super Smash Bros Competition

Location: Activities Center

Details: 1 player from each team color will participate in a Smash Bros. competition

Checkers Tournament

Location: Activities Center

Details: 1 player from each team color will participate in a single-elimination checkers tournament.

WEDNESDAY INDIVIDUAL COMPETITIONS

3 on 3 Basketball — Boy's Championship Game

Location: Small Gym

3 on 3 Basketball — Girl's Championship Game

Location: Small Gym

Settlers of Catan — Championship Game

Location: Activities Center

Mario Kart

Location: Activities Center

Details: 1 player from each team color will participate in a Smash Bros. competition

Corn Hole Tournament

Location: Parking Lot

Details: 2 players from each team color will participate in a single elimination Corn Hole tournament.

UNO Tournament

Location: Activities Center

Details: 2 players from each team color will participate in an UNO tournament. There will be 2 games, with 8 players each, playing simultaneously. The top 4 players from each table will play in the championship game. It's possible for 2 players from the same team to make it to the championship game.
